The perfect escape between two cultures.

Nestled on the hillside, Le Loma has found its home.

«Loma» means ridge in Spanish.

A word that evokes elevation, the promise of a place suspended between earth and sky, overlooking the majestic landscapes of Roquebrune-sur-Argens.

Its name sings of Spain.

Its soul dances between two shores: French refinement and Iberian warmth.

Here, time slows down.

The air is soft, conversations linger, glasses clink.

You savour, you share, you let yourself be carried away.

You come for the view.

You stay for the food.

And you return for the memories.

At the crossroads of France and Spain,
our cuisine celebrates the South in its own way:
sharing tapas, vibrant dishes and characterful wines.

Taste. Talk. Laugh. Live.

Welcome to Loma.
